

Passed by Executive:
Passed by Student Council and became Policy: 15 October 2010
Lapses: October 2013

International Steering Group

This Union Notes:

1. The Union does not have a group dedicated to looking after international students' needs
2. International students are a growing group of students
3. International students currently pay a higher level of fees than UK students

This Union Believes:

1. That International students would benefit from well organised culture events
2. International students need more forums in which to raise issues

This Union Resolves:

1. To instruct the Equality and Diversity Committee to establish an International Steering Group to organise cultural events throughout the year, including One World Week. The Steering Group would also discuss and make recommendations to Equality and Diversity Committee on all matters relating to international students
2. The membership and function shall be determined by the Equality and Diversity Committee

Proposed by: Nishant Raj, Student Officer

Seconded by: Dave Brewis, Vice President Student Activities
