

## **CUSU Surf and Turf Bus**

### **This Union Notes:**

The research/facts around the proposal:

Coventry University Group has campuses in several cities like Coventry, London, Scarborough etc.

Students across the Coventry University Group seek opportunities to travel to different Campuses

A CUSU Surf and Turf bus would be very convenient for students as it would enhance cross campus participation in events and encourage students from different campuses to network/socialise with each other.

Students travelling by road, rail or air do need beverages, water or drinks while aboard.

### **This Union Believes:**

The changes you want to make:

CUSU should encourage more cross campus activities and events through an engaging and fun filled way

CUSU should encourage a shared University Community as this will increase student engagement.

### **This Union Resolves:**

How the Union will achieve this:

To mandate the Executive Committee to look at the possibility of investing on a double decker bus fitted with a bar area selling beverages and snack on the lower deck to students

To mandate the Executive to investigate the feasibility of having the double decker bus primarily located at CU Scarborough.

**Proposed by: Nicholas Henderson (CU Scarborough Campus Officer 2018/2019)**

**Seconded by: Ben Bonner (CU Scarborough, NUS Delegate and 2<sup>nd</sup> Year Engineering Student) - bonnerb@cuscuni.coventry.ac.uk**
