

## **Ablution/Wudhu Facilities in Prayer Space**

### **This Union Notes:**

1. Ablution/Wudhu (the ritual of washing before prayer) is an essential part of preparation for prayer within Islam
2. The current ablution facilities are inadequate for the number of students needing to use them
3. Students can only use the facilities in the Multi faith prayer space
4. 10.8% of our Students identify as members of the Muslim faith

### **This Union Believes:**

1. We require more facilities that are suitable and adequate for washing before Prayer in the buildings where the Prayer rooms are located
2. There should be increased awareness around the different actions and rituals required by various faith commitments

### **This Union Resolves:**

To mandate the Executive committee to...

1. Work with the University and the Chaplains of the Faith and Spirituality Centre to...
  - a. Ensure that the number of sanitary facilities related to Prayer are increased to meet the demands of students
  - b. Provide information posts regarding the actions of different faiths.

**Proposed by: Tochukwu Ajare, VP Welfare and Community**

**Seconded by: Salma Farjanah, FBL Faculty Rep  
Arsh Shaikh, Student Council Chair**
