

## **NEW LOCATION FOR INTERNATIONAL STUDENT ENROLMENT**

### **This Union Notes:**

1. Coventry University International students often queue for long periods of time in order to enrol.
2. Coventry University Student centre is isolated
3. Coventry University students centre is not student friendly (lack of adequate seating areas, no vending machine, no water fountain)

### **This Union Believes:**

1. Coventry University enrolment location should be student friendly and welcoming
2. Students should be able to enrol without a long waiting time in a queue
3. Coventry University enrolment should be done in a location where students can easily engage with other activities going on e.g freshers.

### **This Union Resolves:**

1. To mandate the Executive committee and International/Culture students committee to work hand in hand with the international office to improve the enrolment experience
2. To mandate the Executive committee to liaise with the University on better enrolment location and process

**Proposed by: Burmun Shem Damisa**

**Seconded by: Nyaknno (Cheny) Moses**
